

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, AUGUST 29, 1999 - 0900 MDT
NATIONAL PREPAREDNESS LEVEL IV

CURRENT SITUATION:

Initial attack activity was moderate in most areas. New large fire activity was reported in the Southern California, Great Basin and Northwest Areas. Large fire activity continued in the California, Western Great Basin and Northwest Areas. Competition exists for airtankers, leadplanes, type I and II helicopters and type I crews. The National Interagency Coordination Center mobilized airtankers, helicopters, lead planes, infrared aircraft, telecommunications equipment, engines, tractor plow, caterer, shower unit, crews, and miscellaneous overhead. Very high to extreme fire indices were reported in Oregon, California, Montana, Idaho, Utah, Nevada and South Dakota.

A firefighter from the Santa Barbara city fire department was fatally injured on the Camusa fire in Southern California. An investigation is underway. The firefighting community extends its condolences to the family.

NORTHERN CALIFORNIA LARGE FIRES

SHASTA-TRINITY COMPLEX, Shasta-Trinity Ranger Unit, California Department of Forestry. A California Department of Forestry Incident Management Team (Johnson) is assigned. This complex consists of the Rock (700 acres), East (288 acres), Mammoth (500 acres), Burney LCA (118 acres), Donkey (60 acres) and Backbone (20 acres) fires. Twenty six new lightning fires were reported with the Woods fire contained at two acres, the Bacon fire is twelve acres and the rest were less than one acre.

BUTTE COMPLEX, Butte Ranger Unit, California Department of Forestry. A California Department of Forestry Team (Walters) is assigned. This complex consists of the Musty Buck, Cohasset, Doe Mill, Bloomer, Union, South, Woodland Park and Sycamore.

MHRD COMPLEX, Plumas National Forest. A Type I Incident Management Team (Giachino) is assigned. The complex consists of nine fires of which three are contained. The Horton 2 fire is nearing containment, and focus is now shifting to Big, Bucks, Lookout and Pidgon.

FRRD COMPLEX, Plumas National Forest. A Type I Incident Management Team (Hutchinson) is assigned. This complex consists of six lightning fires north and west of Lake Oroville. The Hibbard and China fires were both controlled. Burning operations were conducted on the Bean and Devil's Gap fires. Hand and dozer firelines continue to be constructed and improved.

WILLOW, Lassen-Modoc Ranger Unit, California Department of Forestry. A California Department of Forestry Incident Management Team (Kerrigan) is assigned. Unified Command with the BLM (Porter) is in effect. This fire is threatening timber, rangeland and archeological sites 20 miles northeast of Susanville. Firelines continue to hold with current conditions. Good progress was made in all divisions. Demobilization has

begun.

HIGH COMPLEX, Shasta-Trinity National Forest. A Type I Incident Management Team (Foster) is assigned. Unified Command with California Department of Forestry (Young) is in effect. This complex consists of 19 lightning fires 22 miles north of Redding. The High fire escaped firelines in the northeast corner. Current threats are to 800 structures in Dog Creek Canyon and Lakehead, communications sites, Sugarloaf Lookout, National Recreation Area Lands, timber, threatened and endangered species, archaeological sites and the Lakehead area domestic water supply.

YELLOW PINE COMPLEX, Modoc National Forest. A Type II Incident Management Team (Weltch) is assigned. This complex consists of the Yellow (4,669 acres), Pine (16,294 acres) and Boles (523 acres) fires which are 20 miles south of Tulelake. Burnout activities were successfully completed on the north fireline. Preparation continues for a planned burnout on the east flank of the Pine fire.

BIG BAR COMPLEX, Shasta-Trinity National Forest. A Type II Incident Management Team (Bacon) is assigned. This complex is 28 miles northwest of Weaverville. The complex consists of five lightning fires, the Onion (1,750 acres), Fawn (1,200 acres), Soldier (2 acres), Dee's (1 acre) and Megram (110 acres). The fires are burning in steep, inaccessible terrain. Construction of indirect fireline continues in preparation of a burnout.

NOD = Northern California District, BLM.

TGU = Tehama-Glenn Ranger Unit, California Department of Forestry.

WESTERN GREAT BASIN LARGE FIRES:

SELLEM, Ely Field Office, BLM. A Type II Incident Management Team (Suwyn) is assigned. This fire is 80 miles southwest of Ely, NV. The fire is burning in sagebrush, grass and heavy, continuous pinyon pine and juniper. Current threats are to the Grant Range Wilderness, range allotments and wildlife habitat.

FISH COMPLEX, Carson City Field Office, BLM. A Type II Incident Management Team (Vorce) is assigned. The fire is burning in grass, sage and juniper 45 miles north of Reno, NV. The fire received 1/10 inch of rain which allowed firefighters to secure the fireline and begin mopup

operations. The fire is beginning demobilization.

CCD = Carson City Field Office, BLM.

NORTHWEST LARGE FIRES:

MAJOR II, Southeast, Washington State. A Department of Natural Resources Team (Murphy) is assigned. This fire is located four miles west of Lyle, WA. One home has been destroyed. The fire is wind driven in dry grass. A rural fire engine rolled over en route to the fire with one injury taken to the hospital.

INCIDENT 64, South Puget Sound, Washington State. This fire is located five miles southwest of Wellpinit, WA. The fire is burning in timber with spotting occurring from strong winds.

BADGER, Sheldon-Hart National Wildlife Refuge, FWS. A Type II Incident Management Team (Ostman) is assigned. Flashy fuels are creating control problems. A large burnout operation is in progress on the southeast flank.

WSA = Warm Springs Agency, BIA.

EASTERN GREAT BASIN FIRES:

FLAT, Salt Lake District, BLM. This fire is located 40 miles west of Salt Lake City, UT. Steep, rocky terrain, limited access, extreme winds, flashy fuels and high rates of spread are causing control problems. A burnout operation is planned along Monarch Canyon Road.

MARBLEHEAD, Salt Lake District, BLM. This fire is located 45 miles west of Salt Lake City, UT. Intense winds and flashy fuels are contributing to rapid rates of spread.

SOUTHERN CALIFORNIA LARGE FIRES:

PILOT, Stanislaus National Forest. A Type I Incident Management Team (Dague) is assigned. This fire is east of the Buck Meadows/Groveland area. The fire is burning in brush and timber. Three tent structures were lost at Camp Towanga. Highway 120 is open to all traffic.

SHINN, Angeles National Forest. A Type II Incident Management Team (Conrad) is assigned. This fire is burning in brush north of Claremont. Crews made good progress on the fire yesterday. Steep terrain is making fireline difficult to construct.

CAMUSA, Los Padres National Forest. A Type II Incident Management Team (Smith) is assigned. This fire is near Santa Barbara, Ca. The fire is posing a threat to watershed and cultural resources.

PINE, Riverside Ranger Unit, California Department of Forestry. This fire is located on Highway 243 at the junction of Twin Pine Road near the town of Silent Valley. Four structures have been lost.

WILLOW, San Bernardino National Forest. A Type I Incident Management Team (Stutler) has been ordered. This fire is located near Willow Creek northeast of Lake Arrowhead. The town of Smith Ranch is being evacuated and the fire is threatening Lucerne Valley.

MIXING, San Bernardino National Forest. A Type II Incident Management Team (Conrad) will be reassigned from the Shinn fire. This fire is located on Highway 243 near Mountain Center, CA. Steep terrain and heavy fuels are causing control problems.
